DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., FRIDAY, JUNE 22, 1906.

ONE COPY—ONE CENT.

New Sample Piano \$150 at Gerbrich's.
The streetcars, on Wednesday, Home-Coming Day, carried 7,500 passengers.

Mr. E. G. Kirk of Tuckahoe, who some time since suffered stroke of paralysis, is improving.

Mrs. Mary M. McDougle was awarded \$300 for land condemned in the West End for use of C. and O. Railroad.

Samuel Ham died yesterday at his home at Washington. Interment in Washington Cemetery at 3 o'clock this afternoon.

There was a fine game of ball yesterday at the Park between the Dover and home club—the Maysville boys winning out by a score of 12-9.

Mr. and Mrs. Dan W. Scott of Pine Grove are entertaining a fine daughter at their home. Mrs. Scott was formerly Miss Maud Reynolds of Dover.

Miss Mattie Power, formerly of this city, who has filled a position in the City School at Carlisle for several years, has resigned to go to Oklahoma.

Dr. James C. Pickett, son of Mr. and Mrs. J. C. Pickett of Tuckahoe, who recently graduated in medicine, will probably locate in Washington, Ind., for the practice of his profession.

Mr. and Mrs. J. Harvey Rice of near Lewisburg will celebrate their fifty-third wedding anniversary in September. It is doubtful if there is another couple in the county who can lay claim to such distinction and honor. God has been merciful to them and they are deserving of his kindness. They are blessed with an abundance of this world's goods, and have lived to see their children grow into honorable womanhood and manhood estate; they are respected and loved by their fellow-citizens, and what more could be asked to be contented and happy? May they live to enjoy the many blessings given them for many years to come.

The District Conference of the M. E. Church, South, meets next year at Germantown.

Limited supply of Souvenir Badges on sale at Simon Nelson's, Merz Bros. and J. C. Pecor's.

Work was begun on the Market street sewer this morning. With good weather the work can be completed in three weeks.

County Clerk C. L. Wood was in Frankfort yesterday before the State Board of Equalization in behalf of the taxpayers of Mason county. He succeeded in getting a reduction from 10 to 4% on land. A good day's work.

Mr. and Mrs. George L. Cox sent out invitations yesterday for a reception at their home, and a dance at Beechwood, Tuesday, June 26th, to announce the engagement of their daughter, Katherine Clay, to Mr. Leo Barr Crabbs of Kansas City, Mo.

IT IS HERE—4,800 BAGS "H. & E."

ONCE MORE THE TELEPHONE.
It is in the air. People are talking about it. Merchants and manufacturers demand it, and everybody is asking why it is that Brooksville, Augusta and Mt. Olivet have efficient long distance telephone service and Maysville is shut out from the leading cities of the country. Telephone service is valuable if one can get in touch with many; it is of little value if the service is restricted. The Citizens Telephone Company of Kentucky desire to install in Maysville a first class, strictly up-to-date Telephone system, and public sentiment is strongly in favor of a franchise being granted.

All questions pertaining to health and beauty are answered here. Makes people feel as they felt in full-blooded youth. Does business while you sleep. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. J. Jas. Wood & Son.

A total of 557 visitors were registered at the Public Library up to the close of Wednesday.

One of Mason's absent daughters sent this sentiment for Home-Coming—

My earnest wish for all in dear old Maysville and Kentucky on June 20th, 1906, is that the pleasure of that one day may make such an impression on their minds and hearts that no days of sorrow, however many, can efface them.
CARRIE TUDOR, Buffalo, N. Y.

The Alumnae Association of the Kentucky Female Orphans' School of Midway has just undertaken the task of raising \$25,000 from the friends, former patrons and students of this institution for the erection of a handsome memorial building to be known as the "Alumnae Memorial Hall."

Miss Frances Bouldin of the county left yesterday for Kansas City, where she will be one of the bridesmaids at the wedding of Miss Ethel Sparks to Mr. Charles Walter Roberts, which will take place June 27th. Miss Sparks has been a visitor in Mason county, and has many friends and admirers here.

Rev. Henry Schwan, formerly Pastor of the Ripley Christian Church, has been enjoined by the Court from filling the pulpit of the Highland Park Christian Church at Chattanooga. He is only permitted to enter the Church as a spectator. The charge against him by the officers of the Church is unfitness and incompetency.

SAID BY MANY OF THE HOME-COMERS!
"Mr. Hechinger, whilst we in our present homes have all that makes life pleasant, we have no store that we buy clothing so satisfactory as we did from you." The main reason of the satisfaction derived from buying goods in our house is that "we" must be pleased with what you buy. When "we" are pleased we know "you" will be. We frequently pay as much for alteration on a suit as the profit there is in it amounts to. They MUST fit when they leave our house.
Special bargains in everything in our house during the entire week.

The Carlyle Brick Company of Portsmouth, which is furnishing the brick for the street paving in this city, has landed a contract for 500,000 No. 1 paving brick for Huntington.

Summery Frocks.
Makes you cool to look at them. Charming shirt waist dresses of white India linen. Of many effective styles we take two for description, each only \$5. The skirt of one is plaited with deep lace or embroidered band inset about knee height from which the skirt falls in rippling fullness. The waist is plaited and trimmed to match, has fancy collar and pretty pearl buttons. The other suit has each skirt seam hemstitched and two deep tucks above the hem. The waist is a mass of hemstitching and tucks, with dainty sleeve and collar finish. Why bother with the tiresome details of dress-making when you can select your dress, have it refitted if necessary and wear it the same day? And it only means the expenditure of \$5.
KIMONAS, LONG and SHORT.
Silk, crepe, lawn or Japanese cotton. Fancies with solid bands or plain colors with figured bands.
Long Kimonas \$1.19 to \$10.
Short Kimonas 25c to \$5.
EMBROIDERIES at HALF PRICE.
Another sale of St. Gall Embroideries to make Maysville women wonder.
In no instance will the saving be less than half, in some cases it is more.
Newest effects in Shirt Waist Bandings—Baby Irish, Orientals, Peter Pan and French Embroidered designs on sheer swiss and batiste.
\$1 and \$1.25 values 50c yard.
1852 HUNT'S 1906

Three thousand, two hundred and twenty-nine saloons have gone out of business in Ohio under the provisions of the Aiken Law.

The Bulletin's 12-page Home-Coming edition gave a fair index to the beautiful and happy home of dear old Maysville, containing besides a vast amount of matter of local historical interest.

We are making low prices on Silverware, Cut Glass, Clocks, and in fact anything in our line can now be had for less than "regular prices." On account of Home-Coming look up your needs in these lines and come to us. See what we can do for you. P. J. MURPHY, the Jeweler.

Robert Sterrett of the county was up before Judge Whitaker yesterday in the Police Court and was fined and costed \$35.50 and ten days in Jail for carrying concealed deadly weapons. Sterrett tried to start a rough house at Charley Breeze's Tuesday night but got the worst of it.

Master Perrine Owens was driving his rattle-tantrous pony attached to a dog cart up Market street yesterday evening and when opposite the Fountain he cut up a few capers and then tried to turn a back hand spring over the cart. After he was disentangled from the entanglement in which he placed himself by the united efforts of bystanders, he trotted off as gently as Mary's little lamb. No particular damage. Master Owens was as cool as a cucumber of the reins should be under the circumstances.

Nowhere in the world can you see such handsome men and women as are to be met in the United States. They all use Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. J. Jas. Wood & Son.

The Rev. H. D. Polk, D. D., will preach Sunday, morning and evening, at the First Baptist Church.

ROBERT C. ROSS.
Mr. Robert C. Ross, whose illness has been mentioned, died yesterday at the home of Mr. Lynn Gurney at Erlanger, from the stroke of paralysis which he suffered some ten days since. The friends of this genial gentleman here in his old home will deeply regret to learn of his demise.

With his family he left Maysville thirty years ago, going to Covington, and subsequently residing on Walnut Hills, Cincinnati.

Since the death of his wife and two children Mr. Ross had made his home with his brother-in-law, Mr. Gurney, at Erlanger.

While connected with the business interests of Maysville, he was a painter, by trade and was a member of the firm of Ross & Colvin. His brother, Major James J. Ross, was one of the firm of Ross & Rosser, founders of The Bulletin.

Mr. Ross was universally respected, and during his business career here no man enjoyed more the confidence of his fellow-citizens.

The remains will be brought here over the C. and O. at 9:50 tomorrow morning, and taken direct to the Maysville Cemetery and laid to rest with his family, all of whom had preceded him to the Great Beyond.

Mr. J. A. Wolford, formerly a distiller of Cynthiana, died this week in New York.

Mr. John B. Chenault of Madison county, who married Miss Lyde Burgess of this city is being urged by his friends to enter the race for Clerk of the Court of Appeals.

A special committee was appointed by the Kentucky State Educational Association, in session at Bowling Green, to bring to one standard all the colleges and High Schools within the state and also provide a standard of examination on entrance.

You can get what you want in Talcum Powders at Sallie Wood's Drugstore, 5 to 25c.

Cartmell extracts teeth without pain.

Miss A. B. Gibson of Covington, Mr. Dick Stevens and daughter of Williamsburg, O., and Mrs. Sue Kinley of Kansas City, Kas., are guests of Mr. and Mrs. Harry A. Ort of East Front street.

DEAR HOME-COMER!
No doubt you will find lots of changes in Maysville since you have left. If you have been absent from our little city over five years you will find a great many changes, and the next five years will bring more changes for the better than have been made in the last forty years. Since you have lived here "we three boys" are new citizens of this town. We have made this Drygoods Store the largest and best of its kind in the country in proportion to the size of the town. Now, without patents, without power or purpose to restrict trade, with no element of the trust power, HOW DID THIS STORE GROW?
BY MAKING ITSELF NECESSARY.
A public utility is "that or nothing." One has small choice in telegraph companies, railroad companies, water companies or gas companies; but as to stores, no one is obliged to come to Merz Bros. to get a supply of any necessity.
We think our store IS BEST; we know our varieties ARE LARGER; we believe we buy our goods a BIT CHEAPER; but you have to come here to find that out.
Today the largest number of discriminating people deal at Merz Bros. A scrutiny of the daily attendance at the several stores shows that most people come to Merz Bros.
There is not any idea of self-glory in stating these plain, big facts to you, most welcome Home-Comers.
KINGS OF LOW PRICES MERZ BROS. PROPS. BEE HIVE.

BLACK LOCUST
And "White Clover" Honey. This is the finest lot of Honey we ever had and will take pleasure to show it to you.
We have it in glass jars and in one pound sections.

Joseph T. Davidson, Grand Tiler of the Grand Lodge of Masons, died in Louisville yesterday morning.

Mrs. Lyne Herndon was operated on at Louisville Tuesday for appendicitis. The operation was quite successful and she is reported improving nicely.

Rev. W. P. Nicholas and wife of Mount Pleasant, Iowa, were among the long-distance Home-Comers. Rev. Nicholas is a grandson of Samuel S. Nicholas, who was commissioned a Judge of the Court of Appeals in 1831, and after whom Nicholas county was named. He was born and raised in Louisville and located in Iowa sixteen years ago. His wife was Miss Lula Cherry, whose mother was born in Mayslick. Her grandfather was William Allen, who in his day was a prominent Second street merchant. Her mother was a niece of Daniel Reese, deceased, of the county. They did not remain over to the Home-Coming, as they had to go to Shelbyville to attend the wedding of a near relative.

Our Colored Citizens.

Robert Henry Mathew Fox, aged 55, a section hand on the C. and O. Railroad, dropped dead yesterday noon just after finishing eating his dinner at the tool-house, East of Limestone street. He was a highly respected colored gentleman. A wife and three children are left to mourn his loss. The deceased was a member of Goodwill Lodge No. 46, U. B. F., and Golden Leaf Camp No. 8. The funeral will occur Sunday from the Fourth Street Methodist Church, with services by Rev. W. H. Riley. Interment in Maysville Cemetery.

A HEALTHY OLD AGE OFTEN THE BEST PART OF LIFE

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Mrs. Mary Koehne

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes: "I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappoints; so when I felt that I was nearing the change of life I commenced treatment with it. I took in all about six bottles and it did me a great deal of good. It stopped my dizzy spells, pains in my back and the headaches with which I had suffered for months before taking the Compound. I feel that if it had not been for this great medicine for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."

Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

The Ledger's Washington Letter

Special Correspondence Public Ledger.

WASHINGTON, D. C., June 16th, 1906.

The weather this week has been cool and delightful, and in this respect Washington is like the little girl who

"When she was good, she was very, very good; But when she was bad, she was horrid."

Take the Capital City all in all, if a person is not satisfied here he must be mighty hard to please, indeed.

Last Saturday afternoon at 5:30 a terrific storm swept over this city and did an immense amount of damage and killed several people who were caught under falling walls. There are more than 150,000 beautiful trees in Washington's 350 parks, and the wind played havoc with them. It required the work of 600 men several days to remove the fallen trees and the broken limbs from the streets and parks. No less than 500 wagon loads of broken limbs had to be removed; but as the work is all systematized, and each park has its special corps of caretakers, it does not take but a few hours or days to have everything in perfect shape again. Thunder storms are frequent and severe here also, and during the present month we have had two electrical storms, that for the real thing quite equalled anything we have done in Old Kentucky. Lightning struck a dozen buildings, including the Capitol and Chase's Theater, and in some portions of the city there was almost a panic among the feminine element. While the storm was at its height, and the rain pouring down in sheets, lightning struck the home of an old colored woman, partly demolished the building, and in some manner rolled the old woman out in the streets, where she lay crying that she had been killed by lightning. She was rescued and taken to the hospital, where she was found to be unhurt, but nearly drowned by the rain. It is strange, but nevertheless true, that lightning seldom strikes Washington Monument and the Dome of the Capitol. Both are well protected with lightning conductors and arrestors, and up to date no serious damage has ever been done to them by lightning. A few years ago, lightning struck the Washington Monument when there were 20 people in the top, and only the well drilled coolness of the men in charge prevented a panic among the visitors that might have resulted in loss of life. However, all got down to terra firma in safety, but many said they thought their time had come.

Probably the most successful flight ever made by an airship was accomplished Thursday noon, by Lincoln Beachey, the boy aeronaut, who is now doing a week of spectacular stunts at Luna Park, Washington's new suburban resort four miles South of the city and near Alexandria. Beachey started from Luna Park and sailed up to the Washington Monument

Some More Maysville Men Discovers

and gracefully and easily circled the big shaft several times. He then flew to the White House and landed just South of the Mansion. He had a message for the President, but he was at that time attending the commencement exercises at Georgetown College. The airship then rose from the White House grounds and sailed, or rather puffed, up Pennsylvania avenue 600 feet above the city, and steered straight to the Capitol, and, after going around the great dome, the machine was brought to a stop on the East terrace. Both Houses of Congress were practically adjourned to witness the phenomenon, and grave Senators and Congressmen were laughing like boys and some slapped their legs and exclaimed: "Well, I'll be d— if that don't beat all I ever saw!" Beachey then rose in the air and fluttered away on his return trip to Luna Park, where

at 1:30 p. m. he alighted without an accident. His machine is 60 feet long, made of oiled silk on bamboo sticks, and is operated by a 5-horse-power gasoline engine, whose puffs could be distinctly heard by the people below. It is said he is paid \$1,000 a day. He is scheduled to fly to Baltimore and return and will also make another attempt to visit and meet the President at the White House. The propeller of the machine is in front and the operator sits or stands on the light wire bars in the center. The mysteries and intricacies of aerial navigation are now practically solved, and it only remains for some cranky genius to improve Kna-benshu's idea and invent a machine for general utility at a popular price. It's bound to come. With a few pounds of dynamite, Beachey could have destroyed the city of Washington Thursday, as he soared above. The airship is the coming deadly engine of war, and the next scrimmage is going to be a Titanic conflict between gigantic battleships, mailed auto cars, submarine boats, airships and wireless telegraphy, with dynamite on the side as the main element of death and destruction.

Saturday, June 23d, 1906,

By the Masons of three counties, for the benefit of the Old Mason's Home. Prominent Speakers, Splendid Music, Ball Games, amusements galore and a general good time. Bring your baskets well filled and feast beneath the sheltering branches of the grand old forest trees you have known since childhood. Everybody invited to come and meet everybody else, for the Germantown Fairgrounds will be the "center of population" for Mason, Bracken and Robertson counties on June 23d.

Ledger's Washington Letter.

(Continued from Second Page.)

Speaking of autos, they are veritable juggernauts, devil wagons and modern menaces to human life. It is positively dangerous and unsafe for a pedestrian to cross the street here owing to the thousands of automobiles. It is said that there are now 3,000 of them in daily use in Washington, and while the municipal law is supposed to govern and restrict their speed, yet they go like the wind, and some of them have the loudest "honks" you ever heard. The other evening at dusk we saw a big car flying up Twelfth street with a whistle on it as loud as that on the ferryboat Laurance at Maysville. It blew four blasts at every street crossing and the people scattered like a flock of chickens on a turnpike. The authorities are now taking steps to suppress these "honks," and it is to be hoped they may succeed. The motor bicycle is much used here and general cycling is much indulged in.

Washington is quite musical in the summer and five choice bands delight thousands every afternoon in one of the principal parks. Every Wednesday afternoon the Marine Band of 40 musicians gives a concert on the East terrace of the Capitol, and every Saturday afternoon on the South lawn in the White House grounds. The last White House concert we attended we ran across another Maysville man, young Parker Abner Hord, son of Mr. and Mrs. Abner Hord of Helena, and a brother of your City Engineer Hord. Parker is quite young, but has a fine position with the Civil Service Commission and likes Washington very much.

We had an enjoyable visit to Alexandria the other day and were most hospitably entertained by our old Dover friend, Colonel Lake D. Franklin, who is and has been stationed at Alexandria for several weeks. His business is prospering and he is doing well. W. D. Cushman, another former Dover boy, whose family now reside at Richmond, Va., is also stationed at Alexandria part of the time, and is employed with Mr. Franklin's firm. Mr. Cushman's oldest son, Joe, is now a grown young man and has a good position in a Richmond bank.

We wish we had the space to write you at length of the quaint old city of Alexandria. It's an antique of the most English type, and its old cobbled streets are relics of 150 years ago. These streets are paved with "nigger head" dornicks or bowlders, some a foot in diameter, and one may imagine the immortal

George W. jolting to Church in his rickety old coach over such streets. It would jostle the religion out of a saint. But Alexandria is now "born again" and the twentieth century enterprise is replacing the dormant spirit of befo-de-wah old fogvism. They have purchased a new rock crushing machine and are grinding up these nigger head bowlders and pulverizing them to spread on new streets built on modern lines, and in the next ten years one wont know the old town. Sunday afternoon we enjoyed our first sail on the broad Potomac. The small sailboat was commanded by Mr. John Mason Lee, a handsome, athletic young fellow, and a true son of the noble Virginia family of that name. He is a grandson of Admiral Sidney Lee, and a grand nephew of General Robert E. Lee. In company with young Lee and Mr. Jones of Alexandria, Mr. Franklin and the writer made the round trip from Alexandria to Washington on the ferry steamer Callahan. The Callahan and the Woodbury are two elegant, powerful and swift boats with double bows. They are built to weather the roughest storms and the heaviest waves, and have a speed of 15 miles per hour. These steamers are much solidly built than the big Ohio river boats and are much faster, but they don't have as majestic or graceful appearance as our beautiful boats of the Bonanza or the old Boston type. The Potomac river is full of all sorts of craft, from the big armored gunboats and patrol boats of Uncle Sam's Navy to the immense three-masted schooners, colliers and lumber ships, and hundreds of large and small yachts and pleasure boats. Washington is a tidewater port, but it is 30 miles down the Potomac to salt water. Colonial Beach is Washington's Coney Island, and its board walk and bathing beach is an Atlantic City on a smaller scale.

Anchored out in the middle of the Potomac, about a mile from Alexandria, there is a large flat-bottomed boat called the Ark, which is used as a gambling resort; all kinds of games are openly played and liquors sold. It is said to be beyond the jurisdiction of the laws of either Virginia or Maryland, and is wide open all day Sunday with a hundred sports constantly gambling and drinking. No liquor is sold in Alexandria on Sunday, but that place is about as lively an old burg as there is in the Old Dominion. There is more commercial business done in Alexandria than there is in Washington.

All the foreign Embassies are closed for the summer season and the diplomats and their families are either resting and luxuriating at

American watering places, or have gone to Europe. It is said that 75,000 Washington people leave the city every summer and remain away until the last of September. Therefore the Capital City is quite a prosy old place during June, July and August.

Next Monday the 68,000 school children of Washington will be given a half holiday to witness Beachey make another ascension in his airship. The children will gather at the Monument and at 2 o'clock the airship is scheduled to appear and give an exhibition and circle the Washington Monument.

Two big things—the Rate Bill and the Canal Bill, are now delaying the adjournment of Congress.

The House has voted for a lock canal, while it is said the Senate favors a sea-level canal. In the House, Friday, Congressman Theodore Burton of Ohio made an able and lucid argument favoring a lock canal. He illustrated his remarks with charts, surveys, profiles, etc. It is now very evident that, as President Roosevelt and the House favor a canal of the lock type, this plan will be adopted. In fact the President, Secretary Taft and Chief Engineer Shontz favor this type, and the work of constructing a lock canal is now in progress with 20,000 men actually at work, 15,000 of whom are laborers.

In his remarks, Mr. Burton declared that a lock canal would require 8 years to complete, while a sea-level canal could not be dug in 16 years, and would cost \$180,000,000 more than a lock canal. In the Culebra cut alone lies the crux of the whole thing. If a lock canal is constructed, 57,000,000 cubic yards of material will have to be excavated and removed from the Culebra cut, while if the sea-level plan is adopted 107,000,000 cubic yards will have to be excavated at Culebra at a cost of about \$1.25 per cubic yard. The work of digging is a minor consideration compared with the removal of the excavated material.

Under the lock system, the great Batoum dam will form a lake of 104 square miles in extent, and this lake is the favorable and dominating feature of the lock plan, as for a distance of about 19 miles the canal would be 1,000 feet wide, and for 30 miles or three-fourths of its entire length, there would be a clear width of over 500 feet, and nearly all the sharp curves would be eliminated. Therefore, the facts and figures and the powers that be all favor a lock canal, and after this type shall have been completed, the canal can be dug and dredged into a sea-level ditch without

even stopping or disturbing commercial traffic through the canal.

Next in National importance to the Panama Canal is the "Lake Erie and the Ohio River Ship Canal," to incorporate and charter which a bill is now pending in the Senate. This canal is of more importance to the people of the Ohio Valley than the Isthmian Canal, as it will connect with and aid in constructing and developing the great 9-foot lock system in the Ohio river from Pittsburgh to Cairo. The Lake Erie and the Ohio River Ship Canal, will be about 100 miles in length and will begin at a point on the Ohio River near Pittsburgh and will extend to Lake Erie, near Ashtabula, Ohio. Its capital stock is limited to \$300,000 per mile and its bonds to the same amount. It will be 12 feet in depth and 100 feet wide, with 34 locks, and will cost in round numbers \$40,000,000. When this canal is finished the commerce of the Ohio river will be doubled. This proposed canal will connect the Great Lakes system with the Ohio and Mississippi rivers and their tributaries, constituting over 15,000 miles of navigable waterways. With this canal in operation the products of 24 states can be interchanged at a cost for transportation of less than one-sixth what it now costs to move the same products by rail.

Picture to yourself now what we may expect to see 20 years hence, with the great Panama Canal and the Lake Erie and Ohio River Canal finished, and the 9-foot lock system in operation on the Ohio river all the year round!

Thursday afternoon at 5 o'clock the House of Representatives passed the bill which admitted Oklahoma and Indian Territory as the 46th state in the American Federation; and, as Speaker Cannon said, "another star is added to the Flag."

We were in the Raleigh Hotel the same evening and heard ex-Governor Barnes of Oklahoma rejoicing with a party of state rosters from that territory over their victory. The fight for statehood has been waged for the past five years. The Governor remarked that "a h— of a fight had ended and that a h— of a fight would now begin" over the new state offices to be filled. The new state will elect five Congressmen and two Senators and all the state officers including members of the General Assembly. Mr. John Embury of Butler county, Ky., is the United States District Attorney for Oklahoma. He is here and in a talk with him we found he knew many former Mason county people now in Oklahoma. He spoke particularly of the Jennings family, which moved from Dover 25 years ago. He knows old Dr. Jennings and his sons, and also knew Ed. Jennings, the desperado who was killed by Temple Houston. Two of these boys were celebrated train robbers and the entire family have passed through a volume of thrilling adventures since they left Dover. The old Doctor is a slick, but brilliant man, and is now a Judge of the Probate Court out there.

Statehood for New Mexico and Arizona is now practically a dead proposition, as neither Terri-

tory is in favor of joint statehood. Thus the Senatorial aspirations of the Hon. Marcus Aurelius Smith, Delegate to Congress from Arizona, and a native Kentuckian and Democrat, are nipped in the bud.

The Hon. John Sharp Williams of Mississippi, leader of the Democratic minority in the House of Representatives, is a typical Southerner of the Old Virginia style. He talks with a drawing, rasping, loud but pleasing way, and is one of the most popular men in Congress. We have heard him speak many times and while he tries to be earnest and logical in his arraignment of the inequities of the Republican party, and especially "the robber tariff," he appears to speak by note and goes over the same old ground with an eloquence and a gusto that always brings forth storms of applause from his little band of Democrats.

Mr. Williams is a splendid type of the rich and independent Southern cotton planter, but he is a statesman of the academic school of Billy Bryan's theoretical politics that seeks to destroy the commercial greatness of a Nation, whose supremacy all admit, and whose phenomenal growth is the result of the wisest, the broadest and the most brilliant practical statesmanship the world has ever seen.

In his recent great harangue of three hours against the Protective Tariff, Mr. Williams frequently punctuated his remarks by exclaiming: "If you Republicans don't revise the Tariff, we will!"

The Hon. John Dalzell of Pennsylvania, one of the eminent and eloquent Republican stand-patters of the House, replied to Mr. Williams, and the fallacies of the latter's argument were not only shown up, but facts and figures and history all proved that the country had been plunged into gloom and ruin every time the Democratic party had been in power or had removed or modified the Protective Tariff duties or had stood for the so-called Tariff for revenue only.

Many times during his speech Mr. Dalzell would cry out: "Oh, if you don't revise the Tariff, we will!" There never was a stranger protection speech delivered than this Dalzell speech, and as the coming campaign is to be waged on this issue, every voter should read and ponder over what Mr. Dalzell said.

Old Kentucky has been the focus of attention the Nation over, agent the "Home-Coming Week." From a business and material viewpoint, it is about the best thing ever happened

to the Bluegrass State. It not only aroused and appealed to the hearts and the sentimental emotions of all, but it throws the searchlight on the new era that is now dawning for the "New Kentucky," where the booming, booming spirit of progress is rapidly supplanting the long, dark period of industrial lethargy which has hung for years over our blessed state.

Maysville is now about to extend the glad hand to her prodigal sons and daughters, and the Mason county fatted calf is soon to be sacrificed on the altar of genial hospitality. In the language of Colonel Will S. Hays, Louisville's poet laureate, let's greet our home-comers with—

Howdy, Uncle Hiram!
Glad yer cum terday;
Didn't bring yer kyarpit sack,
How long yer gwine ter stay?
De latch string's hangin' loose
On de outside ob de do;
Jest take—don't ax fer what yer want,
Dis heah ole town am yo's!

A. F. C.

Pardons will be issued to persons convicted of keeping open drugstores and such places on Sunday, and only saloons and theaters will be placed under the ban. The announcement by the Governor followed the issuance of warrants by Magistrate Hoffman.

DOCTOR CURED OF ECZEMA

Maryland Physician Cures Himself of Eczema with Cuticura Remedies. Prescribes Them and Has Cured Many Cases Where Other Formulas Have Failed—Dr. Fisher Says:

CUTICURA REMEDIES POSSESS TRUE MERIT

"My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies, and was entirely cured. I am a practicing physician and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A No. 1. You are at liberty to publish this letter, or any part of it. I remain, very truly yours, C. M. Fisher, M. D., Big Pool, Md., May 24, 1905."

CUTICURA—THE SET, \$1. Complete Treatment for Every Humor from Pimples to Scrofula

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle; dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal; and, lastly, take Cuticura Resolvent Pills to cool and cleanse the blood. A single set, costing but one dollar, is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly skin, scalp, and blood humors, with loss of hair, from infancy to age, when all else fails.

HIDDEN DANGERS. Nature Gives Timely Warnings That No Maysville Citizen Can Afford to Ignore.

Danger signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

Danger signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the coming of dropsy, diabetes or Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Maysville proof: James D. Tolle, clerk at Wood Bros' meat market, and living at 117 Short street, Maysville, Ky., says:

"I was troubled a great deal for some time with constant heavy pain in the small of my back and over my kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened and passages of the secretions were too frequent, and there was a scalding burning sensation at times. Hearing of Doan's Kidney Pills I began using them and finding great benefit, continued the treatment until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never had the least bit of suffering from my back or kidneys since. I give all the credit to Doan's Kidney Pills and feel justified in strongly recommending them to others."
